AURORA 90° WALL TO GLASS ADJUSTABLE STANDARD HINGE

Part #: AUR90SWGAD

The AURORA 90° Wall To Glass Adjustable Standard Hinge is designed for frameless shower enclosures. It is made of brass with a softer, dated look that beautifully complements other AURORA designs. It has radius corners and beveled edges, with an "H" backplate. The hinge is self-centering and adjustable to any angle up to 90° without removing the door. The wall mount style of the hinge makes it simple to install.
